24th ANNUAL NAGC SYMPOSIUM

JUNE 17 - 19, 2020

SPONSOR AND EXHIBITOR BROCHURE

PHOENIX, AZ

www.ChildrenGrieve.org
We invite you to consider the sponsorship of our 24th Annual Symposium on Children’s Grief or bringing your products or services to our attendees as a vendor. The only national conference dedicated to educating professionals who support grieving children, teens and those that support them.

Over 400 people attend the symposium, and our supporters are advertised to all 1,110 members. It is a unique opportunity to drive awareness of your organization while also supporting the important work of the NAGC.

The National Alliance for Grieving Children (NAGC) Symposium is the longest-running and most comprehensive national conference specific to the topic of childhood bereavement offered in the United States. The symposium draws more than 400 professionals and volunteers from a variety of organizations and settings who work directly with or encounter bereaved children. This gathering provides a connection with others working in the field and high-quality educational sessions in an interactive, energizing, and motivational setting. Attendees return home at the end of the NAGC Symposium with new information and connections along with renewed energy as they continue to provide support to grieving children and teenagers in their local communities.

Conference fees are low thanks to the generosity of our sponsors to accommodate all income levels for individuals and organizations. Scholarships are also offered to those individuals and programs in need of financial assistance to attend.

ABOUT THE NAGC

Our Mission is to raise awareness about the needs of children and teens grieving a death and provide education and resources to anyone who wants to support them. Our vision is for no child to have to grieve alone. All bereaved children, no matter where they live or their circumstances, should have the support and resources they need to adapt to a loss in their lives positively. Through the collective voice of our members and partners, we educate, advocate, and raise awareness about childhood bereavement. The NAGC is a nationwide network comprised of professionals, institutions, and volunteers who promote best practices, educational programming and critical resources to facilitate the mental, emotional and physical health of grieving children and their families.
