

NAGC|2021

Annual National
Symposium on Children's Grief
ONLINE • JUNE 16-18

2021 Symposium Q&A

How do I access the event?

You will access the event using the link in your email. This email came from support@ce-go.com. The link takes you to your attendee dashboard. The dashboard has everything you need.

Do I have to choose my sessions in advance, in the same way I do at the in-person symposium?

No. There is no pre-registration required for individual sessions. All our rooms have a 500-person capacity, so we do not anticipate any issue in getting access to your preferred session. You will select the session you want to attend from your attendee dashboard when it is scheduled to start. Every session has its own unique link, so you will join each one individually.

What is the schedule?

This information is on your dashboard but repeated again below.

Are C.E.'s included in my registration cost?

C.E.'s are included in your registration cost. You have to watch the live event to qualify for CE's. You will need to complete your session evaluation post the event to receive your C.E.'s. Watch for the email with the linked evaluation. This email will come from support@ce-go.com.

Will the recording of the sessions be available?

The recording for all sessions will be made available to you after the event. In addition, where a presenter chooses to make their slides available, they will also be shared.

Can I get C.E.'s for watching the recorded sessions?

No. C.E.'s can only be obtained where you watch the sessions live.

If you have any technical or access questions, please email support@ce-go.com. You are also welcome to email info@childrengrieve.org to ask any questions before or during the event.
